

PEAXACT 5 Installation

Step 1: Before You Install

- Make sure your computer fulfills the system requirements.
- When upgrading an existing installation, visit <u>www.peaxact.com/whatsnew</u> and read the upgrade notes and compatibility considerations.
- Make sure you have administrator privileges to perform the installation.
- Make sure your license is valid for the major version number. If you do not have a license yet you can get a free trial license or purchase a license after installation.

Step 2: Install PEAXACT

• Download the PEAXACT Installer from <u>www.peaxact.com/download</u>

Note: The installer's filename is PeaxactInstaller_<major>.<minor>_win64.exe. Different major versions can be installed side-by-side, e.g., versions 5 and 4. The installer upgrades earlier installations of the same major version.

Online Installation

• Run the PEAXACT Installer and follow the setup instructions. Additional runtime packages are downloaded and installed automatically if detected missing.

Offline Installation

- If you are planning to install PEAXACT on a computer without internet access, you must download additional runtime packages in advance from <u>www.peaxact.com/runtime</u>
- Save all installer files to a folder on a portable drive. Do not rename files.
- At the offline computer, run the PEAXACT Installer and follow the setup instructions. Runtime packages are installed automatically if detected missing.

Step 3: After Installation

- After a new product installation continue with License Activation.
- After upgrading an existing installation check the upgrade notes at <u>www.peaxact.com/whatsnew</u> for further upgrade steps.

System Requirements for PEAXACT 5

- 64-bit version of Microsoft Windows 7 SP1, Windows 10, or newer
- Any Intel or AMD x64 processor (four logical cores and AVX2 instruction set recommended)
- 5 GB of disk space (10 GB recommended)
- 4 GB RAM (8 GB recommended)
- No specific graphics card is required. Hardware accelerated graphics card supporting OpenGL 3.3 with 1GB GPU memory is recommended.

PEAXACT 5 License Activation

Note: A **license access code** may be required for activation. Codes are provided to endusers or designated license administrators after a license purchase or trial request. Note: If you perform the activation with administrator privileges, licenses will be activated **per-machine**, i.e., for all Windows users. Otherwise, licenses will be activated **per-user**, i.e., for the logged-on user. Per-machine takes precedence over per-user.

Select **PEAXACT 5 > Activate PEAXACT** from the Windows start menu to open the License Activation Dialog. Then select the PEAXACT product you want to activate.

| PEAXACT License Activation | × |
|---|-------|
| Product Selection Select the PEAXACT product to activate. | P |
| X PEAXACT Desktop App | |
| PEAXACT ProcessLink | |
| PEAXACT AppServer | |
| | Close |

Online Activation

To activate PEAXACT over the internet:

• Select Download License... from the drop-down list.

• Enter your license access code and click **OK**. Then close the dialog.

Offline Activation

To activate PEAXACT on a computer without internet you must download the license using another device.

• Make a note of the **Host ID** displayed in the License Activation Dialog.

- On a device with internet, visit <u>www.peaxact.com/activate</u>.
- Sign in to the License Center with your license access code.

| License #51159 | 5 (Regular, Group) | | | |
|------------------|---|-------------------|-------|--|
| Licensee: | S-PACT | | | |
| Version: | 5 v Download license | | | |
| Quantity: | 1 | | | |
| SMS End: | N/A | | | |
| Expiration: | never | | | |
| Hosts: | The table below shows host computers for which the license is currently valid. 1 more host computer can be added to the list. Enter an informative description, e.g. the name or location of the host computer. Enter the Host ID as displayed in the PEAXACT License Activation Dialog. | | | |
| # Description | | Host ID | Added | |
| 1 N0100511 Offic | ce | 4A-E2-44-F5-23-2D | Add | |

- Enter a description (e.g., the computer name) and the **Host ID**, then click **Add**.
- Click **Download license** and save the license file to a portable device.
- In the License Activation Dialog, select **Import License...** and load the license file. Then close the dialog.

Network Activation

To activate PEAXACT over the local network, the PEAXACT License Server must be running on a server computer.

• Select Check-out from License Server... (if available) from the drop-down list.

| PEAXACT License Activation | × |
